Beximco Pharma Commences Exports to Hong Kong

Beximco Pharmaceuticals Ltd. ("BPL" or the "Company"), the leading pharmaceutical manufacturer and the largest pharmaceutical exporter of Bangladesh has started supplying its medicines to Hong Kong, one of the regulated markets in the Asia-Pacific region, a company statement said today.

The first consignment of medicines from BPL included seven products, namely, Azmasol[®] (Salbutamol) Inhaler, Alendon[®] (Alendronate Sodium 10 mg) Tablet, Alendon[®]-70 (Alendronate Sodium 70 mg) Tablet, Amdocal[®] 5 (Amlodipine 5 mg) Tablet, Amdocal[®] 10 (Amlodipine 10 mg) Tablet, Exovate[®] N (Combination of Neomycin, Nystatin and Clobetasol) Cream and Terbex[®] (Terbinafine) Cream. These products will be distributed in Hong Kong by a highly acclaimed pharmaceutical marketing company of the region who has a long standing partnership with renowned US and European pharmaceutical manufacturers.

BPL has registered 15 products in Hong Kong and 12 others are expected to receive marketing authorization soon.

Mr. Nazmul Hassan, CEO of Beximco Pharma said:

"In our global expansion program, Asia-Pacific region is strategically important for us and Hong Kong being one of the stringently regulated markets in this region, achieving success in registering and exporting our products there is a major strategic breakthrough for BPL. I see this as a clear testimony not only to our excellent product quality, but also to our capabilities to meet regulatory requirements of different markets and I hope this will stir our growth in this region in the coming years."

About Beximco Pharmaceuticals Limited

Founded in 1976 and based in Dhaka, Bangladesh, BPL manufactures and sells generic pharmaceutical formulation products, active pharmaceutical ingredients and intravenous fluids. The Company also manufactures and markets its own branded generics for almost all diseases. The Company also undertakes contract manufacturing for multinational pharmaceutical companies. The Company operates from a 20 acre site in Dhaka and currently employs over 2,400 staff.

The Company's products are sold to retail outlets, medical institutions and other pharmaceutical manufacturers in Bangladesh, in regional markets such as Pakistan, Nepal, Bhutan, Cambodia and Myanmar and in other markets overseas, principally in East Africa and South East Asia, including Singapore.
